Dear Pete,

Splash greatly appreciates the recent gift from Thankyou in the amount of **\$51,326.44**, which we received on February 22, 2019. These funds will support our work to bring clean water, behavior change education, and clean hands to children in Ethiopia!

Through institutions serving children, including schools, orphanages, shelters and hospitals, we aim to ensure clean water, clean hands, and clean toilets for kids in urban poverty. Splash has reached over 430,000 children across eight countries – Bangladesh, Cambodia, China, Ethiopia, India, Nepal, Thailand, and Vietnam. Every dollar brings us closer to our goal of serving one million kids by 2023.

Splash is a 501(c)3 nonprofit organization dedicated to clean water for kids and our tax identification number is EIN #56-2600599. All donations are tax-deductible to the full extent allowable by law. No goods or services were provided in exchange for this contribution.

On behalf of Splash and all the children that we serve, thank you! We are so grateful for your amazing support and continued partnership. If you have questions or would like additional information, please don't hesitate to contact me.

Sincerely,

Dear Mr. Yao,

Please convey our gratitude to Thankyou for their generous gift of \$249,189 AUD, in support of programming in Chiradzulu, Malawi. Your generosity is helping create a world where people can live better lives through improved access to safe water, sanitation, and hygiene services!

These are people like Maria Lopez. When Maria moved to a rural community in Honduras, she witnessed firsthand how a water crisis affected the health of children in the area.

“I had come from a place where there was plenty of water,” Maria explained. “Here there was no place to bathe or get water that was safe to drink.”

Thanks to the generosity of supporters like you, Maria was able to partner with Water For People to install a well that provides reliable water to her community. With easier access to water, community members spend less time fetching water and suffer fewer waterborne diseases. Kids are happier, healthier, and attend school more regularly. Maria had vowed she wouldn't have another child if the village didn't have water. She is now expecting her second child.

“He will have a different life than my first son,” Maria reflects. “I didn't want to have another child who would come to this community and have to suffer.”

Your investment in safe water is giving people like Maria and the children in her community an opportunity to live healthier and happier lives. **Thank you for being a part of creating incredible change for people around the world.**

In partnership,

Eleanor Allen

Dear Daniel, Justine, Peter and the Thankyou Team

Thank you for helping some of the most at risk youth in Auckland by donating a precious grant (1st instalment) of \$47,257.47 so that they can be supported through our Youth Employment Specialist pilot project. We are just in the early stages of laying the ground work with the help of other funders for setting up this project and Thank You will be the main funder of this programme once it is in full swing in 2021.

We appreciate all of the research and assistance you have already provided to support us to get the project to this point. We will work diligently to execute this project in a very changed landscape since we first embarked on this journey with you. We will also keep you updated with how the project is going along the way.

Lifewise is committed to building and passing on a healthier, more just society to future generations of New Zealanders. With your donation, we are providing preventative solutions and considered choices for Kiwis so they can avoid homelessness. Our radical initiatives meet people where they are at, in ways that they can relate to. Because of your organisation's support, young Kiwis on the margins can gain more dignity and carve out fuller lives for themselves.

Yours sincerely,

Jo Denvir
